LADIES' DELIGHT!
RELIEF COME AT LAST.
J. WISNER'S Washing Machine, Patented Sept. 26th, 1851, is a large tub with zinc fitted on the bottom, also on the underside of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that when ever it has been used properly, it will tell a better story for itself than I can communicate. Give it a trial, and you will be entirely satisfied of its superior merit.

AMERICAN AND FOREIGN PATENTS
R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents
All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*
"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.
"Mr. R. P. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."
[illegible] TEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

Pencil Notes of a Tour to the White Mountains of New Hampshire.

VII.

We are now, on the glittering waters o' the Loch Lomond of New England. Its wooded inlets and the soft white clouds overhead reflected in its pure depths, while the gem-like hillocks bound the view on every side. Ah, there is a shower at the eastward on which the western sun is pouring every hue of the rainbow, and blending them in a soft vapory haze. The sight to us is a novel one, and we all exclaim with delight, how beautiful!

Our "Lady of the Lake" glides gracefully on with a clock-like precision of movement, while the chiselled representative of her fair original as she bends her classic head above the pointed prow, seems to resign herself to the march of modern improvement and fascination of doing a "right good buisness."

Thirty miles on the Lake, and we arrive at Alton Bay, and take the cars for Boston.

Our party, much diminished, having parted within the last week with many delightfully congenial friends, both old and new, whom we cannot hope to meet again in the same undiminished circle.

To our venerable friend at the Glen House, whose broad possessions have not narrowed his heart, to the enthuisastic lover of nature from a western city, the agreeable friends at North Conway, the young *habituee* of the mountains who entertained us with stories, and traditions, and avowed himself so good a hater, though he hates only selfishness and sin, and whom we so *reluctantly left* behind us at Crawford's, to our obliging and agreeable fellow travellers from Brooklyn, to the friends of the Kennebeck "dearer than all," for innumerably kind and grateful attentions, both now, and "long ago," a grateful adieu! with the earnest hope, that though we may not be permitted to pass the dark river in company, we yet may joyfully meet again as we ascend "the everlasting hills" never more as now to return to the plodding cares and weary pursuits of this probationary life. C. R.

Boston, Aug. 1st, 1850.

A Submarine Lantern Tested.

The Norfolk (Va.) *Day Book* records an interesting trial of Gould & Lamb's submarine lantern, which came off in presence of a Board of Examiners, appointed by the Navy Department, on Thursday, the 14th inst., at Portsmouth Navy Yard. It says:—"The lantern was lowered to a depth of 16 feet in a reservoir of water inside the yard, when it continued to burn for half an hour. The day being oppressively warm, and the Board of Examiners and inventors exposed to the rays of the burning sun, further experiments were postponed until 9 o'clock at night when a second trial was made from a barge at the foot of the comodore's wharf. The lantern was first lowered down to the bottom of the river, then separate tests made as to the exact distance rays of light could be seen from the surface. Also, the distance light could be thrown so as to distinguish accurately distinct objects. An oar, lowered to the depth of six feet from the lantern, the lantern being sunk four feet, was so clearly seen that the grain of the wood was distinctly visible. The rays of the light were visible upon the surface of the river when the lantern was sunk to the depth of 12 feet. These experiments were made in thick, muddy water, and, except that the Board were satisfied as to the principles involved, the lantern could have been kept burning under water for three hours. The same principles which govern at a depth of 16 feet will prove equally successful at a depth of 90 or 130 feet. This lantern, in connection with a submarine armor, is destined to open up a new field of enterprise in submarini explorations for lost treasure."

A plain old gentleman went with his team to bring home his two sons, two young sprigs, who were soon expected to graduate. While returning, they stopped at a hotel in one of our country towns for dinner. The landlord struck with the dashing appearance of the two gentlemen, made himself very officious, while he took the old man, from his homespun appearance, to be nothing but a driver, and asked them if they wished the driver to set at the table with them. "Well, Dick," said the younger aside to his brother, "as he is our father, and it's his team, and he will bear the expense, I think we had better let him eat with us." "Yes, I think so too, under circumstances," he replied, "landlord, give him a place at the table."

DRIED TOMATOES FOR WINTER USE.—Sclad and peel and stew the fresh tomatoes to gelatinous mass, and spread upon earthen plates and dry in the sunshine, or in a slow oven. It will then resemble dried stewed pumpkin, or the pulp of peaches dried in the same way. When wanted for use in winter, a portion of this dried tomato is soaked first in cold water, and that is gradually warmed till the whole becomes a homogenous mass, more or less thick according to the quantity of water used. It may be eaten as a sauce with meats, or, by adding sugar, as a sweetmeat, or in place of currant jelly with venison and mutton, or as a substitute for cranberries with roast turkey.

UNIVERSITY OF NORTH CAROLINA.—The trustees of the University of North of Carolina have unanimously resolved to tender to the Rev. Francis L. Hawks, D. D., the Professorship of History in the University the State.

LOCAL INTELLIGENCE.

THE HOP AT THE OCEAN HOUSE.—The first hop of the season was given on Wednesday evening at the OCEAN HOUSE.

The House was beautifully decorated, and presented, when lighted, a most gorgeous spectacle. The arrangements were made by the energetic proprietors of the house in a most masterly manner, and, as we are assured, perfectly regardles of expense. The music, by "Helmsmuller's Germanians," was very creditable to that talented orchestra, and the whole affair was a credit to all the parties concerned. Among the many beautiful ladies present we noticed the following:

Mrs. N——, of New York; grey silk dress, trimmed with green; an elegant dancer, and a charming person.

Mrs. T. T. H.'s, of Balt.; white flounced silk dress, trimmed with blue; silver ornaments on her head; remarkable for her style and elegant manners.

Mrs. J. M——h, of N. Y.; green silk dress and lace cape, always charming and much admired.

Mrs. H——s, of New York white illusion dress, trimmed with green leaves, stylish and handsome.

Miss B——l, of N. Y., white muslin dress, trimmed with pink ribbon bows, very piquant and very lovely.

Miss M——a. of N. J. white dress with coral in her hair, much admired, and one of the belles of the evening.

Also the following, a description of whose dresses it is impossible for us to describe, together with many others whose names we were unable to obtain.

Miss W——s, of Philadelphia; Miss P——e, of South Carolina; Miss T——y, of Baltimore; Miss D——y, do; Mrs. T——t, do; Mrs. H——s, New York.

Committees on the Re-union.

For the convenience of those concerned, we publish the following list of names, constituting the various committees of arrangements for the Re-union of the 23d.

Finance.—T. R. Hunter, Wm. Newton, Julius Sayer, F. A. Pratt, W. S. Cranston, Jr., D. T. Swinburne, W. P. Sheffield, N. M. Chafee, S. T. Hopkins, Geo. T. Hammond, Geo. S. Ward.

Music, Salutes and Bells.—Taylor, Coggeshall, Turner.

Illuminations and Tents. — Coggeshall, Sayer, Cranston, Jr., Wm. B. Sherman, Newton, Stoddard, W. C. Townsend, Burdick, Wood.

Printing and Record of Visitors.—Atkinson, Pratt, Stanley, Greene, Hammond, Wood, Chace.

Reception and General Arrangements.—Cozzens, Taylor, Sheffield, Hunter, Mason, Atkinson, Rider, Chace.

Collation.—Rider, Atkinson, Newton, D. T. Swinburne, Coggeshall, Bush.

Correspondence.—Taylor, Mason, Chace, Townsend, Greene.

SEIZURE OF GOODS.—A lot of kid gloves, valued at $400., were seized on Wednesday last, on the Ocean House steps, where they were being sold by parties connected with a New York house, without first having procured a license. This may seem hard, but 'tis fair. Every season, individuals come here from other places and occupy stores on the hill, which in winter would not yield sufficient trade to pay the rent, but in summer pay better than those down town, and thus share the [illegible] with our resident traders. They pay no tax, and leave at the close of the season, taking the profits of their trade with them. That these should pay a license seems only just and proper.

FOR CALIFORNIA.—The schooner Metis, which was purchased a short time since by George B. Knowles, Esq., of this city, from Benj. Finch, Esq., also of this city, has been freighted with an assorted cargo, and will sail the first wind for San Francisco and a market.

The Metis is registered at 150 tons, and is an A 1 vessel, having been overhauled from truck to keelson and repaired without regard to expense, new coppered, &c., with special reference to this voyage. There never was a better vessel of her size sailed out of Newport.

Capt. Andrew V. A. Townsend, of this city, goes out master, Wm. C. Gordon, of Portsmouth, 1st Mate, Edward Harrington, of Newport, 2d Mate. The crew, five in number, were shipped in Providence.

Court of Justices.

Tuesday, Aug. 2d.

John Franey, for assault upon Elijah Hall, was fined $1,00 and costs, and required to find surety in the sum of $100 to keep the peace for 11 months.

Charles Spooner for permitting a dog to run at large in violation of a City ordinance, was adjudged not guilty, and discharged, Judgment for costs for defendant.

PERSONAL.—Orin F. Jackson, Esq., the gentleman who had the "pluck" to start the *first daily paper* in Newport, (the *Daily News*,) was in town yesterday. Mr. J. is now connected with the Hartford, Ct., *Daily Post*. His "little experiment" here, has grown and prospered till it has become a fixed institution of Newport, while others which have entered the field since have died out.

We are happy to announce that the Very Rev. W. O'Reilly, V. G. of St. Mary's, arrived yesterday morning from Europe, having come out by the Persia; and we are sincerely glad to find that his health has been much improved by his tour.

Among the distinguished visitors in the City we notice Hon. Jared Sparks, who is stopping at the Fillmore House.

☞ There will be a meeting of the General Committee of Arrangements, for the Reunion of the Sons and Daughters of Newport, on the 23d of August, at the Common Council Chamber, this afternoon, at half past 1 o'clock, for the purpose of deciding upon the Programme of the day. A full and punctual attendance is requested.

A "PLUCKY" SPIRITUALIST.—We learn that one man, a spiritualist, rowed a boat up to Portsmouth Grove and back, from this city, on the day of the Festival at that place. The distance up and back is about sixteen miles.

EXCURSION TO HYANNIS.—The steamer Governor will make a two days' excursion to Hyannis, from Providence and Newport, next Monday, returning on Tuesday. Now's your chance to go "down to the Cape!"

There is a man by the name of Hyde, in Cincinnati, who is one hundred and ten years of age, and has been married seven imes.

THE LONE ONE.

BY MRS. FRANCES DANA GAGE.

I marked a lone tree by the stream
Its mate of youth was gone
But still it drank the sunniest beam
Yet sighed when winds swept on:
Yet while it murmered low and sighed
It leaved and blosomed still
Drank in the dews at even-tide
And shaded yet the rill.
It warmed the violet into bloom
In spring-time's earliest hours
And cheered the landscape's somber gloom
And sheltered summer's flowers;
The lambkin sought its cooling shade
The birds sang 'mong its boughs
And 'neath its bowers the gleesome maids
Wove chaplets for their brows.

It gave its beauty and its strength
Long years to cheer and bless
And spread its arms until at length
It lost its loneliness.
The wild flowers loved its sheltering arms
The birds its leafy bowers
The traveler stopped to bless its charms
The maiden blessed its flowers.

The love which once it gave to one
Was shared alike by all
And though the tree still stood alone
It wore no funeral pall.
Vain grief but wastes the suffering heart
A love to other's given
With blunt affliction's keenest dart
And led the soul to Heaven.

TO DYE WHITE GLOVES A BEAUTIFUL PURPLE.—Boil 4 ounces of logwood and 2 ounces of roch-alum in 3 pints of soft water till half wasted. Let the gloves be nicely mended; then do them over with a brush, and when dry repeat it. Twice is suffcient, unless the color is to be very dark. When dry, rub off the loose dye with a coarse cloth. Beat up the white of an egg, and with a sponge rub it over the leather. The dye will stain the hands, but wetting them with vinegar before they are washed will take it off.

ONE-EGG TEA-CAKE.—One egg, four tablespoonfuls of white sugar, one tablespoonful of butter, a gill of milk, one teaspoonful of yeast-powder, and enough flour to make it the consistency of pound-cake; season to taste. Bake in patties.

Died.

In this city, 3d inst., Mrs. Mary S. Callahan, in the 72d year of her age.

Sore Throat Plague and Sore Throat.—This quality of seizing hold and causing the expulsion of depraved humors, is possessed by no other medicine than BRANDRETH'S PILLS. They operate only upon the tissues involved in, that is affected by the disease. In fact, they seize upon those humors, not so much from preference as from natural affinity, because their life is below that of the surrounding parts, and which, settling on the tissues of the throat, that is, around the throat region, produces sore throat, *sore throat plague*, and the severe headache and fever. Within an hour after four or six pills are taken, there is felt a peculiar creeping in the part affected, a sort of collecting up of the diseased humors ready for expulsion. No hurt or weakening effect can ever arise from their use, because they cannot act upon heathly parts. Taken early they prevent all organic diseases. Oh, how important in sickness, to use that medicine which only extinguishes the disease, and leaves no evil effects behind. Sold at Dr. Brandreth's Principle Office, No. 294 Canal street, New York, and sold by all respectable dealers in medicines. David and William L. Melville, agents for Newport.

TESTIMONIALS.

This is to certify that Dr. H. N. Mattison studied Medicine and Surgery in my office, for four successive years, and that his industry and close application during the time are deserving the highest praise. His professional attainments are of the highest order, and his moral character unblemished. He passed an honorable examination, received his Diploma, and is entitled to the respect and confidence of any community. Whoever, therefore, may have occasion to employ him, will find him an upright, skillful, and honorable man.
P. H. HARD, M. D.
President of Med. Soc. of State of New York.

Dr. Mattison, whose card may be found in another column, comes among us bearing the highest testimonials, both from his professional brethren and others. He is a thoroughly educated physician, of twelve years' practice, and undoubtedly possesses superior skill in the treatment of that obstinate class of diseases which he has devoted so much time and attention.—Prov. Gen. Advertiser.

LIBERAL FEE.—A gentleman from the South who had been under the care of Dr. H. N. Mattison, of this city, for a long-standing and very trouble-some complaint, having entirely recovered, cancelled his bill, which was 50 dollars, by a check for 500 dollars. His disease was of a private nature, and he had resisted the treatment of the most eminent physicians in Baltimore, Philadelphia and New York, for the last five years. (Providence Daily Tribune.

We the undersigned, being personally acquainted with Dr. H. N. MATTISON, believe him to be a temperate man in the most appropriate sense, and that his moral character and professional skill are undoubted.

Medicines.

DR. C. P. BRONSON'S
NEW CURES
For Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from Over-Use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES when we ascertain the deficiencies in each case and supply them with the proper materials for making pure and healthy BLOOD) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases, but those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the 1st and 3d alternately, are best; if for Liver Complaint, &c., the 2d; or Dyspepsia, (when inveterate,) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three Preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants, (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been twenty failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. HORACE GREELY and W. C. BRYANT, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations. For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons; and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

General Agents.

THE
GREAT WONDER
OF THE NINETEENTH CENTURY.
PROFESSOR WOOD'S HAIR RESTORATIVE.

Says the St. Louis (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, MAINE, Jan. 20, 1859.
Professor O. J. Wood & Co:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had *become* quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative and used it. I soon found it was proving *what I* had wished. I used it about a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the grey or white hair has totally disappeared both on my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours, A. C. RAYMOND,

BALTIMORE, Jan. 23, 1858.
WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it to answer to the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.
Brookfield, January 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly,
J. K. BRAGG.

The Restorative is put up in Bottles of 3 sizes, viz: large, medium and small; the small holds 1 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

BININGER'S OLD LONDON DOCK GIN

A. M. BININGER & Co.
(Established 1778,)
SOLE IMPORTERS,
No. 338 BROADWAY, N. Y.

This DELICIOUS TONIC especially designed for the use of the MEDICAL PROFESSION and the FAMILY, possesses those *intrinsic* medicinal properties (Tonic and Diuretic) which belong to an Old and PURE GIN. The business of manufacturing spurious gins, and offering them as beverages, under the titles, "Aromatic,"—"Cordial,"—"Medicated," etc., has become so common, that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a *new era* in the history of the Trade. We trust that our established reputation — founded upon eighty years of experience — abundantly vindicates our claim to public confidence.

N. B.

A comparison of "Bininger's Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other CAUTION unnecessary.

HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-abuse and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

CURTIS'S CURE FOR BALDNESS.

In bringing this new article—a preventive, and sure Cure for Baldness—into notice, the proprietor has acted with extreme caution, knowing that the public, having been so often deceived by worthless compounds and preparations for the hair, are prone to pronounce—a humbug—every new thing of the kind introduced, and he has not taken this course to bring it before them until its virtues have been practically and most thoroughly tested. As an effectual remedy for baldness it now stands unrivalled. It has been in use for about a year, during which time upwards of six hundred bottles have been disposed of, and not in a single instance, where a fair trial has been had, has it proved unsuccessful. The proprietor, who is a well-known resident of Providence, R. I., refers to his own case as a proof of its efficacy.

One year since he was entirely bald, but after the application of his Cure, the hair started out in profusion, and he has now as fine a growth as when a young man. There are numerous other cases of a like nature, and he is permitted to refer to many well-known citizens of Boston, Providence and Worcester who have used the article with the most complete success. Its action is immediate, producing a fine growth of hair, and yet it is entirely free from any substance of an injurious nature.

It also prevents the hair from falling off, cleanses the scalp, removes dandruff almost instantaneously, and removes from the head the excessive heat with which bald persons are generally troubled.

It is certainly the best and safest preparation for the hair ever offered to the public.

Among the many certificates of its efficacy, attention is called to the following:—

PROVIDENCE, Dec. 1, 1858.
I commenced using Curtis's Cure for Baldness some five months since, previous to which time much the larger portion of my head had been bald for nine years. After a few weeks use, the hair commenced growing, and has continued since until my head is now entirely covered. I am forty-eight years of age, and the "Cure" in my case having met with complete success I take pleasure in recommending it, and will state the above facts personally to any who are interested and will call upon me.
ELISHA SMITH, 119 Friendship street.

And this from Mr. Samuel Woodbury, Manufacturing Jeweler of Providence, and well known in that city:

For some twelve years my hair was continually falling out until the top of my head was entirely bald. Some nine months since I commenced using Curtis's Cure, which soon prevented the old hair from falling and has since covered my head with a fine growth of hair. I recommend it with full confidence to all those who have lost their hair prematurely.
SAMUEL WOODBURY,
64 Friendship-st., Providence, R. I.

From Mrs. R. M. Clarke, Millinery Rooms, corner Westminster and Eddy streets, Providence, R. I.

PROVIDENCE, Nov. 26, 1856,
I have been using Curtis's Cure for Baldness and find it to be the best article I have ever tried for promoting the growth of the hair and keeping the head in a clean condition.
MRS. REBECCA M. CLARKE.

From the Rev. J. G. Adams, of Worcester, Mass.
To whom it may concern: This may certify, that from what I have been able to learn from unquestionable sources, of the good and remarkable effects of the use of Mr. Curtis's Cure for Baldness, I am led to regard it as one of the best preparations for the restoration of the hair that has ever been used or invented.

The favorable effects of the liquid, also, in cases of nervous headache, and as a cleanser and preserver of the hair, serve to render it all the more valuable. I wish that all who are troubled with baldness in any degree, might be able to obtain and use it.
Worcester, Dec. 17, 1858. J. G. ADAMS.

AMERICAN HOUSE, Boston, Dec. 10, 1858.
About a year since my hair commenced falling off badly; to prevent which I tried various preparations without success, believing I should otherwise lose my hair entirely, I was about to submit to the shaving of my head, when a friend, who had been using Curtis's Cure successfully, advised me first to give it a trial. I did so; very soon my hair ceased falling, the old hair, which before seemed dry and lifeless, assumed a healthy appearance, new hair started out, and I continue the use of the "Cure" with full confidence that my hair will be fully restored. It keeps the head cool, the hair and scalp clean, and is a very desirable article for toilet use. J. G. BRIGHAM.

NEWPORT, March 15, 1859.
I purchased two bottles of Curtis's Cure for Baldness, to stop my hair from falling out, and it has done the work completely for me, and I pronounce it a reliable article, and persons who fear that they will become bald had better try it, and my word for it. They will not be disappointed.
JOHN MYERS, Engineer of steamboat Perry.

NEWPORT, March 29, 1859.
Since I commenced using Curtis's Cure for Baldness, my hair has ceased entirely from falling out, and has been very much strengthened. SAMUEL A. PARKER.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.,* Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—
